

Tonino Lamborghini

LUXURY SURFACES

"In 1981, I started up my new Tonino Lamborghini Style and Accessories company. At the time I was assisting my father in the family group, but I felt the need to do something exclusively of my own, different from the world of engines. I have always been interested in design and accessories and I took inspiration from my engineering background. I've always loved

And even today in every product I create there must not be missing a detail somehow related to the automotive and engineering heritage of my family. Uncompromising spirit, Italian ingenuity and design - together with the timeless legend of a brand recognized throughout the globe: these are the values that characterize my brand. The mission of my company is clear: to spread the passion and spirit of Italy with unique and distinctive products, inspired by Italian industrial design and the Lamborghini family's story".

A handwritten signature in white ink on a black background. The signature reads "Tonino Lamborghini" in a cursive, flowing script. The name "Tonino" is written in a smaller, more compact style, while "Lamborghini" is written in a larger, more expansive style with a long, sweeping underline that extends to the right.

In order to understand the reasons of this project, we need to go back to the 60s and recall the story of an entrepreneur.

Our maternal grandfather, Giuseppe Gambarelli, who gathered his first resources and founded a small ceramic firm after he spent his youth in sacrifice. The same company which, after years, became a worldwide leader in the ceramic sector.

A history made of tenacity and foresight, the same which incited the extraordinary growth of many companies in our Country.

Today, in a deeply changed world, we launch a project that combines two firms of excellence, GS Luxury group and Tonino Lamborghini, to give life to a line of surfaces designed to be interpreter of the style and the luxury made in Italy.

DEDALO

Inspired by the great architect who, in Greek mythology, built the labyrinth of the Minotaur, this collection recalls an interweaving of shapes and signs that trace a maze. The same collection is strengthened by matter finishes that, applied on the surface, recall the strength and the human intellect.

DEDALO MILK

ZEUS

Another story inspired by Greek mythology: this collection, rich in signs, strong and virile, is inspired by Zeus, God among the Gods, who, in love with Europe, a young Phoenician princess, turns into a bull to conquer her.

The metallic reflections made on the surface recall its uniqueness, while the scratches in the structure evoke its power.

ESTORIL IVORY

ESTORIL

The fusion of precious marbles and fossil woods, in a game of rich and complex, sophisticated and contemporary colors. The surface that emerges is the perfect synthesis of the Tonino Lamborghini lifestyle

ESTORIL IVORY

KYALAMI

Almost impalpable decorative geometries merged into metal: an unequivocal synthesis of the design by Tonino Lamborghini.

KYALAMI LIGHT

SAKHIR

Charisma, originality, expressive force: these are the dominant elements of Sakhir. Its surface, together with its colors, are essential details of a bold and strongly Italian design.

INDY GRIGIO - BEIGE

SUZUKA

Great character and communicative power to tell the unparalleled strength of the Bull. The colors, vivid and impactful, emerge from the surface to become protagonists of an unmistakably unique design.
